Re: Asian Cup and Asian Championship participation

On behalf of ASTC, I would like to request you to enter Mr. Hsieh, Shen-Yen to the upcoming Asian Cup events and Asian Championships. As we all know, he has trained hard to get qualified for last Rio Olympic Games for your country and Asian continent. Right now his aim is next Tokyo Olympic Games.

To reach his goal, he need to compete in many Asian Cup events and Asian Championships. ASTC and CTTA need to support him to compete in these events this year.

His participation at the events will beneficial for his career development as an ITU athletes committee member, and help both ASTC and CTTA spread our sport in Asia.

I am hoping we will have support in this matter from your association.

Yours sincerely,

Ki, Wookyong
ASTC Sport Development Coordinator
